PROFILE

I'm a motivated Computer Science and Engineering student at Thapar University, skilled in software development and problem-solving. With a background in front-end development, I aim to intern in finance. I possess strong coding abilities, teamwork, and aspire to contribute my skills to real-world projects. Leveraging front-end expertise, I seek to support a finance company with dedication, attention to detail, and a strong work ethic.

PROJECTS

Add to Cart Progressive Web App

July 2023 -July 2023

- This application in easy words serves as a to-do-list app that enables users to add tasks and remove them using a Firebase database.

Weather App

July 2023 -July 2023

- Developed a dynamic weather application using Rapid API, which allows users to obtain real-time weather information for specific cities. Additionally, implemented a creative feature that automatically adjusts the background based on temperature, transforming when the temperature falls below 10 degrees Celsius. This project exemplifies a strong grasp of web API integration, user interface design, and creative problem-solving skills in front-end development.

Chrome Extension

June 2023 -July 2023

- This project is developed using JavaScript and utilizes the localStorage feature to enable users to save tab or site links for future use.

Microsoft Clone

June 2023 -July 2023

- Developed a dynamic and visually appealing Microsoft clone responsive website using pure HTML and Tailwind CSS, showcasing proficiency in front-end web development and design principles for practice and skill enhancement.

INVOLVEMENT

Joint Secretary

Thapar Institute Of Engineering & Technology, Patiala - Rotaract - December 2021 -July 2023

- Actively engaged in multiple social initiatives, including spearheading successful blood donation camps and contributing to the education of underprivileged individuals by donating books. These experiences reflect a deep commitment to community welfare and a desire to make a positive impact on the lives of others.

Vice Photography Head

Thapar Institute Of Engineering & Technology, Patiala -FAPS -December 2021 - July 2023

- Passionate about photography, I eagerly joined the Fine Arts and Photography Society, where I further honed my skills in the art of capturing moments. Through active participation, I gained valuable insights and practical experience, contributing to the organization of diverse photography events within the college community.

CERTIFICATIONS

Introduction to C++
Coding Ninjas - 2022

Data Structures in C++
Coding Ninjas - 2022

Multimedia Head
Thapar Institute Of Engineering & Technology, Patiala -MUDRA -December 2021 - July 2023

- Proactively delving into the realm of management, I acquired substantial knowledge and skills in this field. Additionally, I utilized my design abilities to create impactful solutions at a grassroots level. Recognizing the value of mentorship, I took it upon myself to educate and guide my juniors in college, fostering a culture of knowledge sharing and professional development.
